

**ACKNOWLEDGEMENT OF RISKS
PARTICIPANT AGREEMENT AND ASSUMPTION OF RISKS**

In consideration of the services of Jack Roberts, Pam Roberts, dba Jack Roberts Climbing Adventures, Boulder Outdoor School, their officers, agents, employees, and all other persons or entities associated with those businesses (hereafter collectively referred to as Jack Robert Adventures,) I agree as follows:

Although Jack Roberts Adventures has taken reasonable steps to provide me with appropriate equipment and skilled guides so I may enjoy an activity for which I may not be killed, Jack Roberts Adventures has informed me that this activity is not without risk. Certain risks are inherent in each activity and cannot be eliminated without destroying the unique character of the activity. These inherent risks are some of the same elements that contribute to the unique character of this activity and can be causes for loss of or damage to equipment, accidental injury or illness or, in extreme cases, permanent trauma or death. Jack Roberts Adventures does not want to frighten me or reduce my enthusiasm for this activity, but believes it is important for me to know in advance what to expect and to be informed of the inherent risks. The following describes some, but not all, of those risks:

The hazards of walking on uneven terrain and slips and falls: being struck by rockfall, icefall, or other objects dislodged or thrown from above; the use of climbing ropes and equipment: the forces of nature, including lightning, weather changes and avalanche: the risks of falling off the rock, mountain or into a crevasse: the risks of exposure to insect bites: the risk of altitude, and cold including hypothermia, frostbite, acute mountain sickness, cerebral and pulmonary edema, my own physical condition, and the physical exertion associated with this activity. Furthermore, Jack Roberts Adventure employees have difficult jobs to perform. They seek safety, but are not infallible. They may be unaware of all a participant's fitness or abilities. The weather and other environmental conditions cannot always be predicted with absolute accuracy. It would be impossible for the staff to foresee and warn me of every conceivable thing that might go wrong or any equipment that can malfunction.

I am aware that mountaineering, rock, artificial wall and ice climbing, hiking, skiing, snowshoeing and cross country skiing entail risks of injury or death to any participant. I understand that the description of these risks is not complete and that other unknown or anticipated risks may result in injury or death. I agree to assume and accept full responsibility for the risks identified herein and those risks not specifically identified. My participation in this activity is purely voluntary, no one is forcing me to participate, and I elect to participate in spite of and with the full knowledge of the inherent risks.
